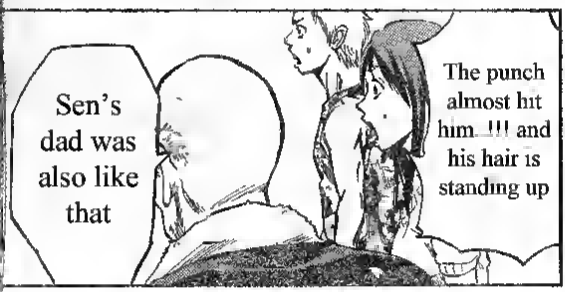
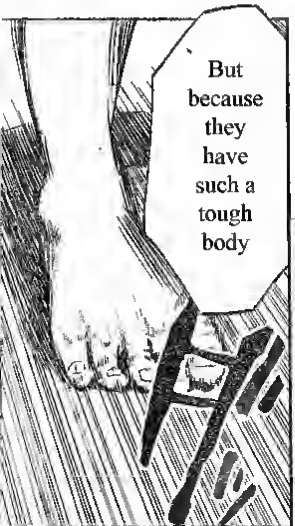
I said you're gonna have to put your life at stake too!!!
Thanks to takushikun for the Translation and Mangahelpers for the RAW

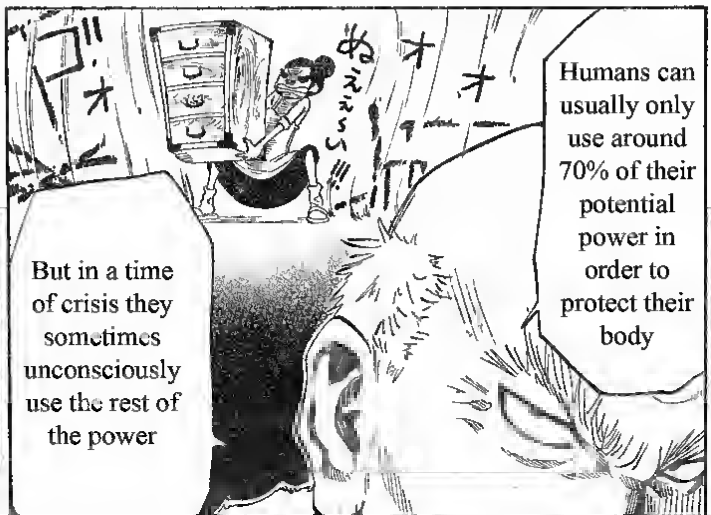


Sen's dad was also like that
The punch almost hit him !!! and his hair is standing up

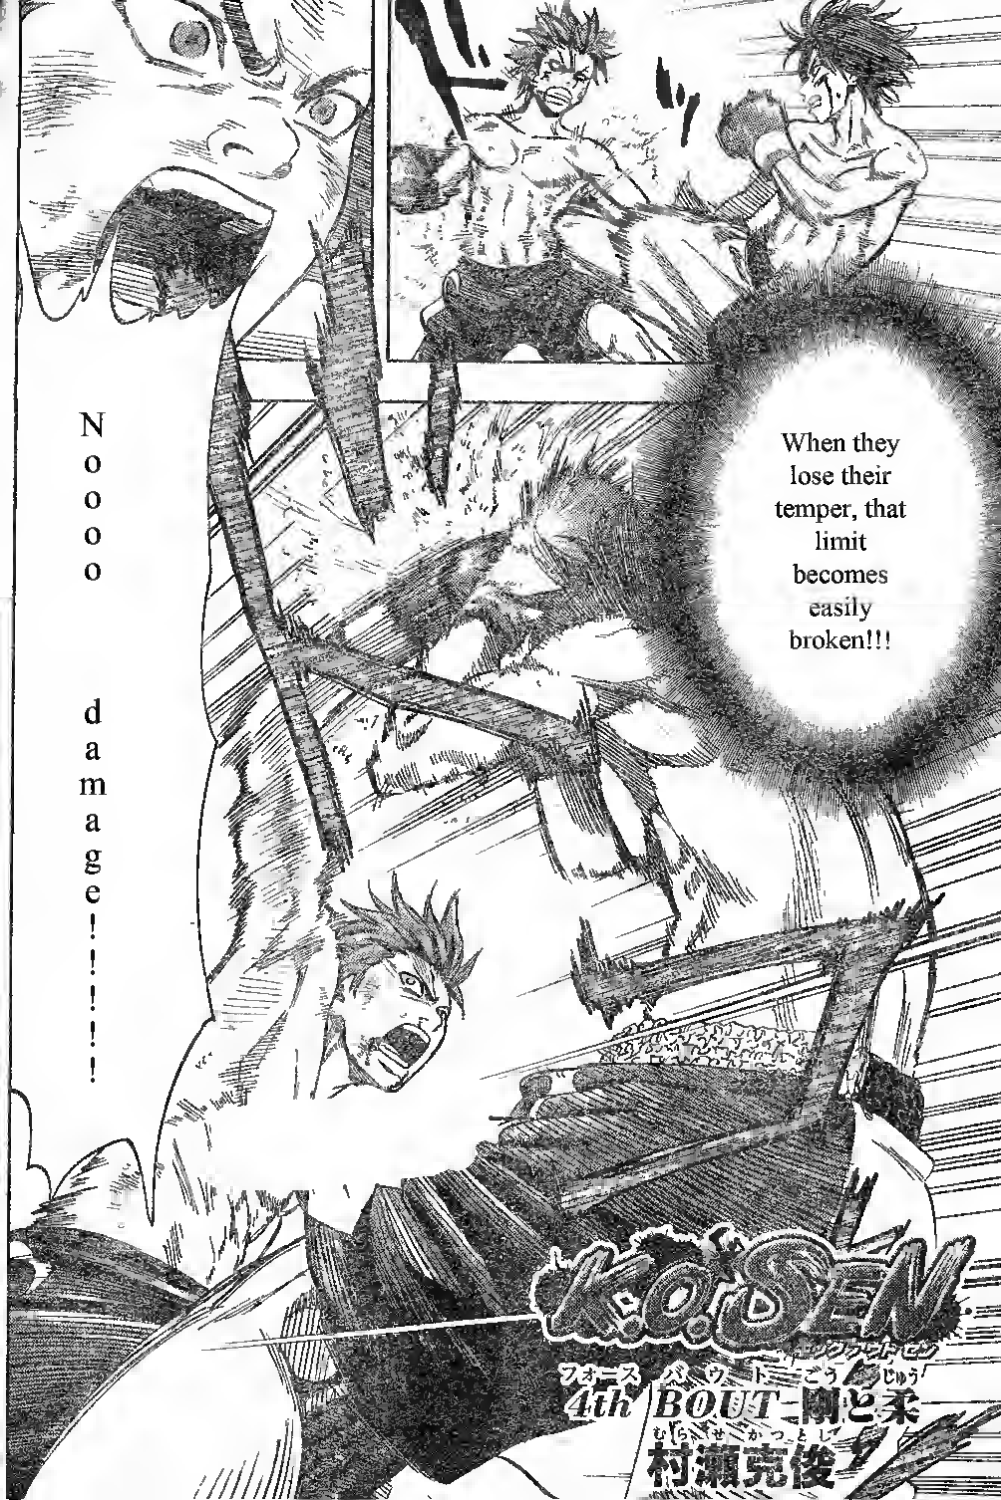
This feel-ing!!!



But because they have such a tough body



Humans can usually only use around 70% of their potential power in order to protect their body
But in a time of crisis they sometimes unconsciously use the rest of the power



When they lose their temper, that limit becomes easily broken!!!
Noooo damage!!!!!

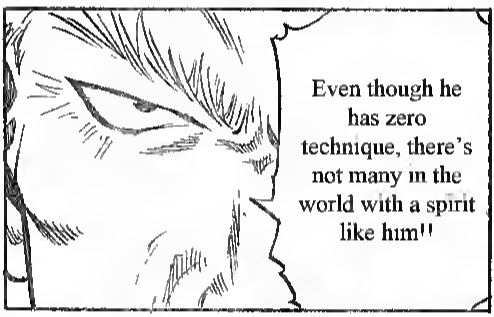
And his fist is… like a rock!!!
Wow this guy has so much power!!
Ugh…
It'll be bad if this hits me straight on!!!
Gah
Eh…? Then why…
No he's not being careless
He's kicking without preparation!! He's being very careless!!
It hit again !!

He's terrified
Technique only comes into play after there is a fighting spirit
The ones that lose to the worse opponents all have lost in their spirit already
Right Kouki ?
But he didn't even flinch at my killing spirit
This morning I've fought him using all of my power
But being terrified at him is not something you should be embarrassed about
It's like...
And he became prepared at that moment and fought me head-on

A wild animal that attack you with intentions to kill

As I thought the chairman was fighting Sen...
Sen has...

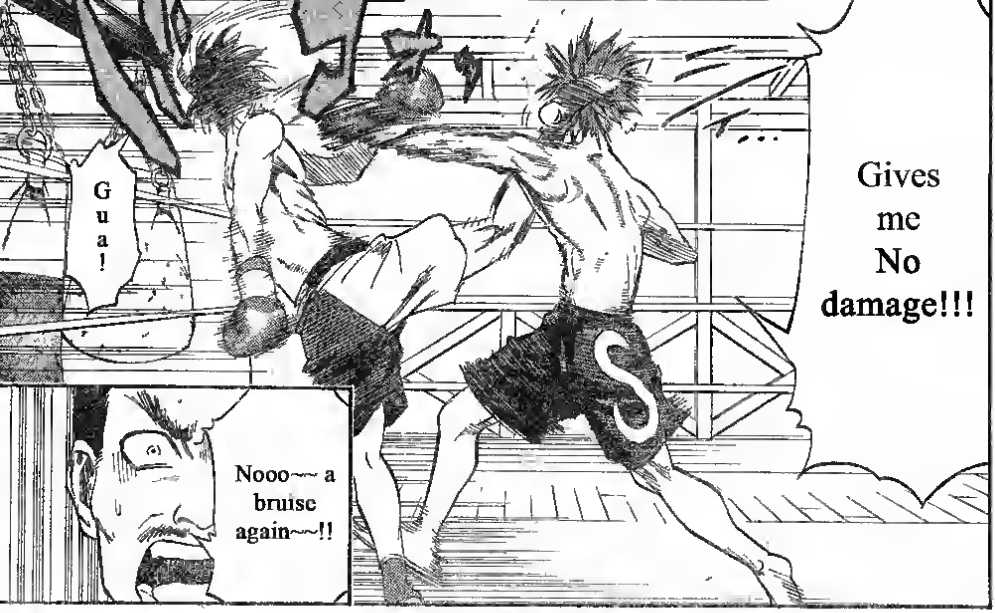


Even though he has zero technique, there's not many in the world with a spirit like him!!

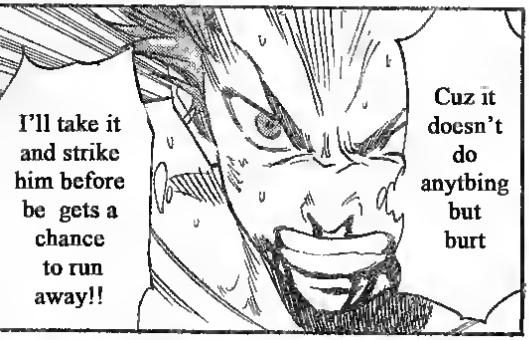
Stop playing with his punches---!!
Use your feet and kick!!!CRUSH HIM!!!
Seidou is terrified against a novice!? What a joke!!

Tobishima Sen...!!

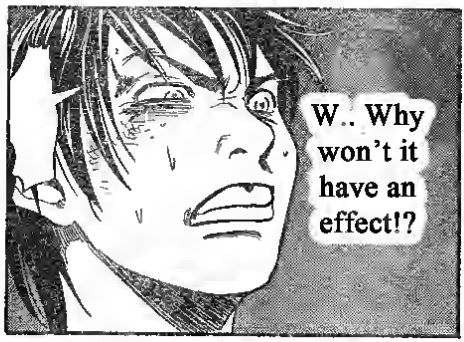
Use the rainbow kick and make him unable to get inside!!
Haha, yes keep your distance!!
That's right you can't even see my kick!!
!!
A kick used to run away
Because he doesn't wanna get hit in the face
!!
There's no reason to!!!



Gua!
Gives me No damage!!!
Nooo~~ a bruise again~~!!



I'll take it and strike him before be gets a chance to run away!!
Cuz it doesn't do anytbing but burt



W.. Why won't it have an effect!?

I got it!! The old fart's was differ-ent... he was more
It doesn't do anything but hurt!!!

And does some flashy stuff.... But
Sure he's faster than the old fart

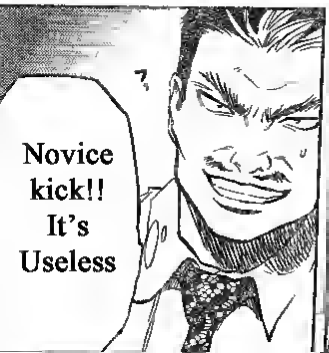
He gave each hit with an intention to really kill me!!!
More terrifying!!!
Tua!!
Oraaaaa

!!

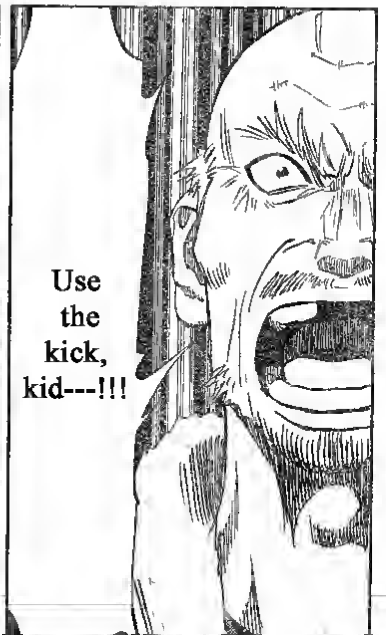
!!
Kuh!!

After taking the hit!!
He got the leg!!

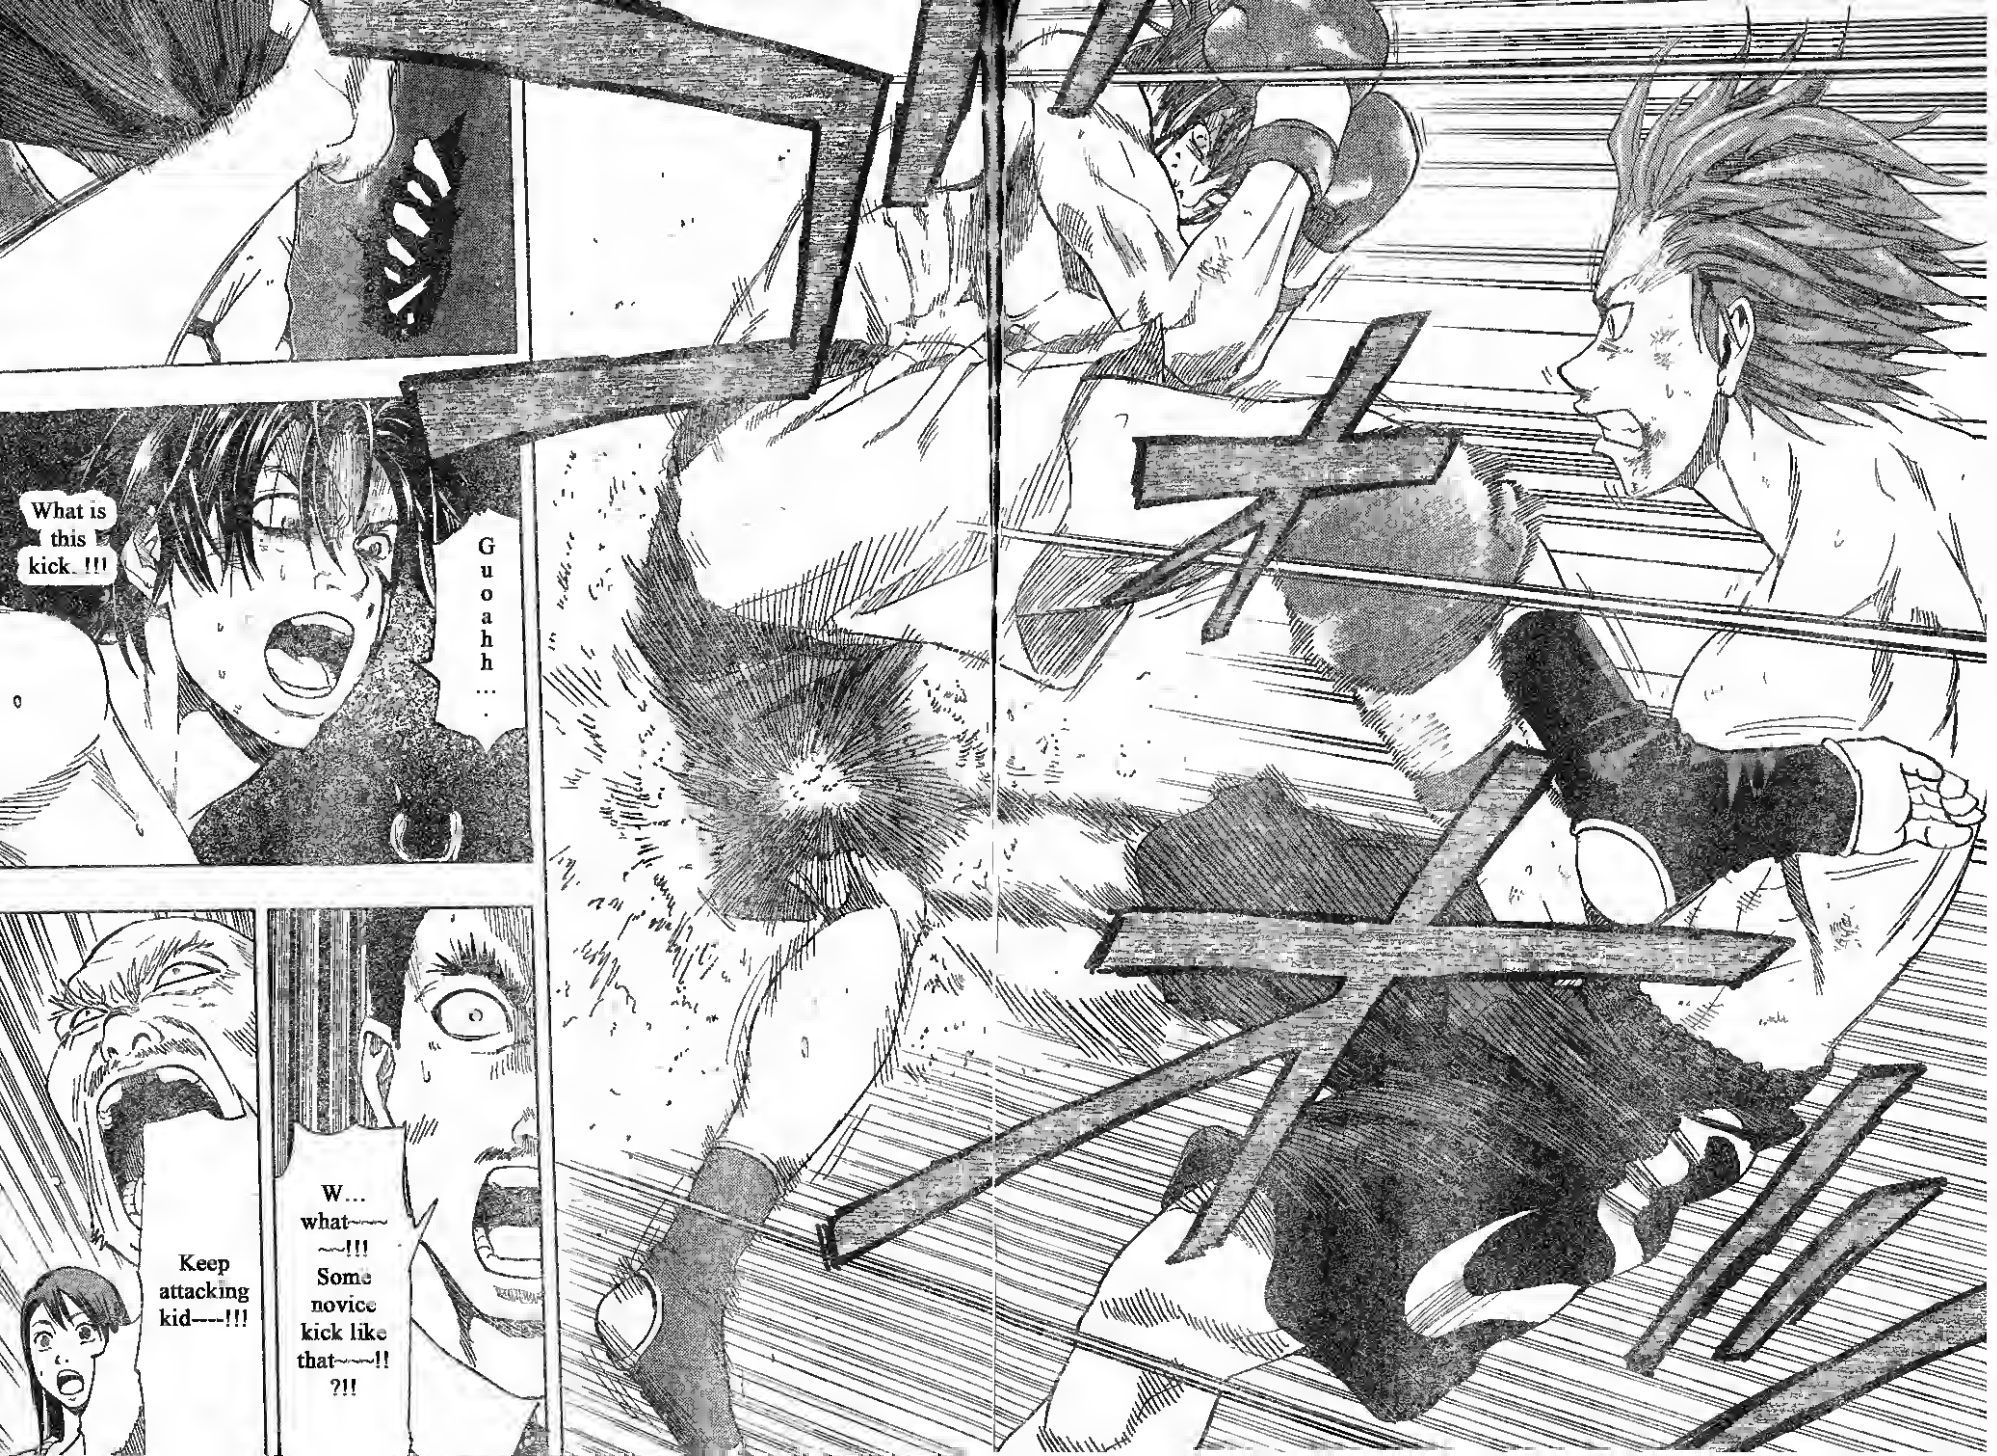
Kick---!!! With the shin---



Novice kick!! It's Useless



Use the kick, kid---!!!



What is this kick. !!!
Guoahh...
Keep attacking kid----!!!
W... what~~~~~!!! Some novice kick like that~~~!! ?!!

GA!
GU!
Of course damn it!!!!
He learned it by taking it in his body, although he really sucks at it
That kick... did you teach him chairman!?
That means--
Even if it's a novice kick like that
Having a rock-solid shin thrown right into them will surely have some effect!!
Told ya? They have hard bones

BoKaaM!
What kinda power would it have if he really learns how to kick!!?
※孝紀 想像図

If Seidou is the "Softness" type of fighter that uses technique

Sen Tobisbima is truly the "Strength" type
Extreme force of "strength" is defeating the "softness"!!?

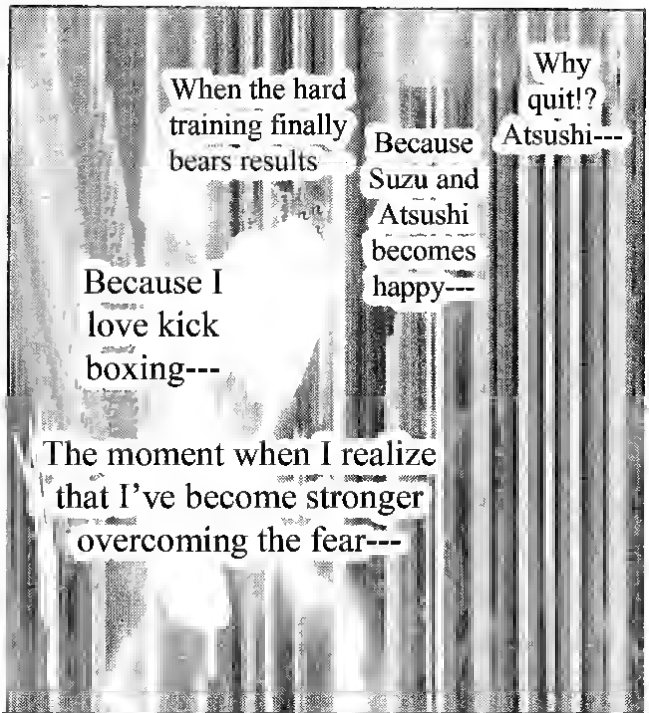
Raaa!!!
Chaaaaaance!!!
Gu...
!!
Seidou ~~~~~!! !!!
That's impossible!!! His left leg is already...
G.. go----!!! Use your feet Seidou!!!!

A novice like that... Beat my Seidou...
It's over ...!!!
Has been destroyed ~~~~!!!
Sure?

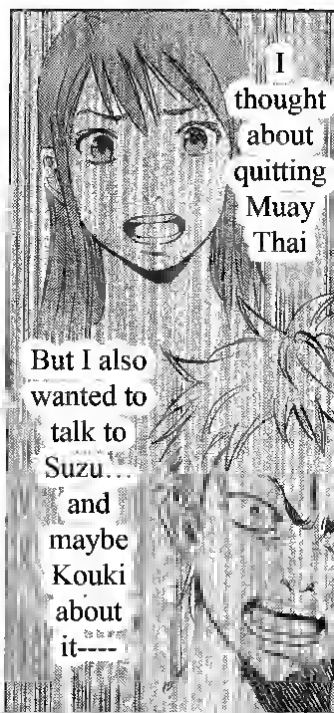
What am I doing—

!!

But why this guy…!?
Oh yea! With this guy---



When the hard training finally bears results
Because Suzu and Atsushi becomes happy---
Why quit!? Atsushi---
Because I love kick boxing---
The moment when I realize that I've become stronger overcoming the fear---



I thought about quitting Muay Thai
But I also wanted to talk to Suzu… and maybe Kouki about it----

Aah!!
Gua …
Elbow ..!!
There has been 3 kids that have faced me
One is Sen One is Ken
And one more, a kid who fell into the pleasure of becoming stronger
Atsushi, I'll say it one more time. Seidou is not a business-man

So let's finally start kick boxing
I can't get in a rhythm when my opponent is this bad
This feeling… same as old fart!?
It's real now, kid
He's definitely kickboxer from head to toe!!!
